

#### **4.2.1 Library Automation**

Yashwantrao Chavan Warana Mahavidyalaya, Warananagar is having separate library building with area of 677.48 Sq. Mtr. and seating capacity of 210 students. The Library is fully automated with Vidyasagar Library Management Application (Library Management System) since 2012, the current version of the software is updated for 2024, and this software package is an integrated multi-user library management system that supports all in-house operations of the Library. The Vidyasagar Library Management Application consists of modules on Acquisition, Cataloguing, Circulation, Serial Control, Utilities and OPAC.

We can generate the reports of books as per title, volume and cost, also we can generate reports of Issue return books, titles available in particular subject, titles available for particular author, number of books issued to particular staff member, overdue books, date wise transactions, book wise transactions, staff list, students list etc. Retrospective conversion of bibliographic records has been completed and 55,000+ bibliographic records of books and 27 records of Print Journals are available in the library can now be accessed through this library management software OPAC. The database of books available in the Library is being updated on day to day basis with details of recently acquired books. Records of all the Library patrons have also been created in the Library Management System.

The bibliographic records of all library holdings can be accessed through the OPAC in LAN. Users can search their required book with multiple search options like title, accession number, author, publisher, key words which are content of the title of book etc. inside the campus from any computer. All the books available in library are barcoded which is helpful for the issue returns of books through the Library management software to save the time of readers and the library users.

Library is providing online access to the 6000+ e-journals and 1,64,300+ e-books through N-list program of the INFLIBNET center. These online resources are accessible from <https://nlist.inflibnet.ac.in/> library is the member of UGC INFONET e-journals consortium.

All computers available in library are connected with internet with Airtel broadband services with speed of 1000 MBPS. Students can get access to all subscribed resources through these computers. Digital Library is the part of Central Library having 10 computers connected to internet, to provide online services to the students and staff members. Daily around 300+ users are visiting the library for borrowing the books, to get reference services, to access online resources and other library services.

As a part of library services we are providing Current awareness services regarding current events / happenings related to our users' interest, we are providing selective dissemination of information for researchers' on personal basis to bust the research. We are providing new arrival and bibliographic services, conducting library orientation programs, technical sessions on how to access online subscribed resources to staff members and students, providing Inter Library Loan facility through our own institutes by signing MOU for resource sharing.
