1. IQAC:

The screenshot shows the Speedtest website interface. At the top, there is a navigation bar with links for Apps, Research, Network, Developers, Enterprise, About, and Log In. Below the navigation bar, there are two promotional banners for Speedtest Mobile Apps. The main content area displays test results for a connection to Gazon Communications India Ltd in Pune. The results are as follows:

Metric	Value
Download Mbps	32.68
Upload Mbps	31.31
Ping ms	8

Additional information includes a 'GO' button, a 'Change Server' link, and a rating for customer service expectations. The rating is based on 14 votes, with 18 more votes needed to reach the next level. The rating is currently set to 'As expected' (3 out of 5).

Below the main results, there is a section titled 'Having Internet Problems?' which lists popular services with reported issues: GTA 5 and Snapchat. A link to 'View all outages on downdetector.com' is also present.

2 Office:

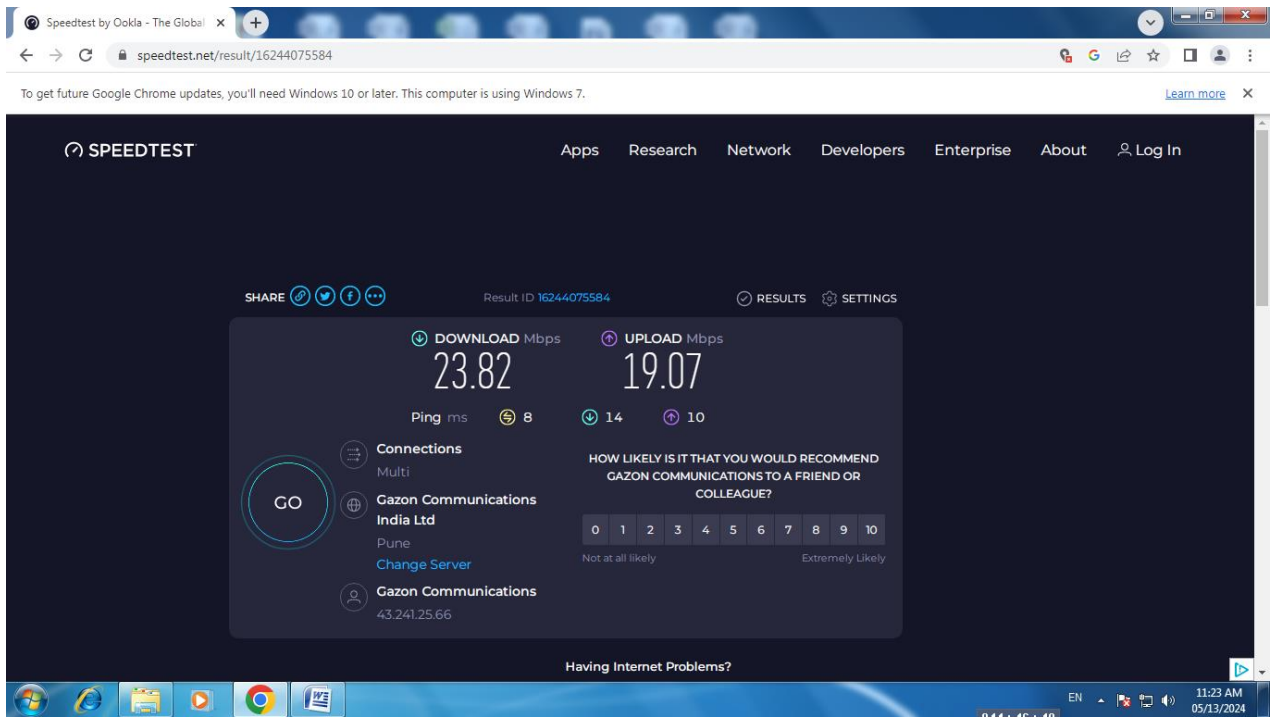

The screenshot shows the Speedtest website interface. At the top, there is a navigation bar with links for Apps, Research, Network, Developers, Enterprise, About, and Log In. Below the navigation bar, there are two promotional banners for Speedtest Mobile Apps. The main content area displays test results for a connection to Gazon Communications India Ltd in Pune. The results are as follows:

Metric	Value
Download Mbps	34.94
Upload Mbps	34.58
Ping ms	8

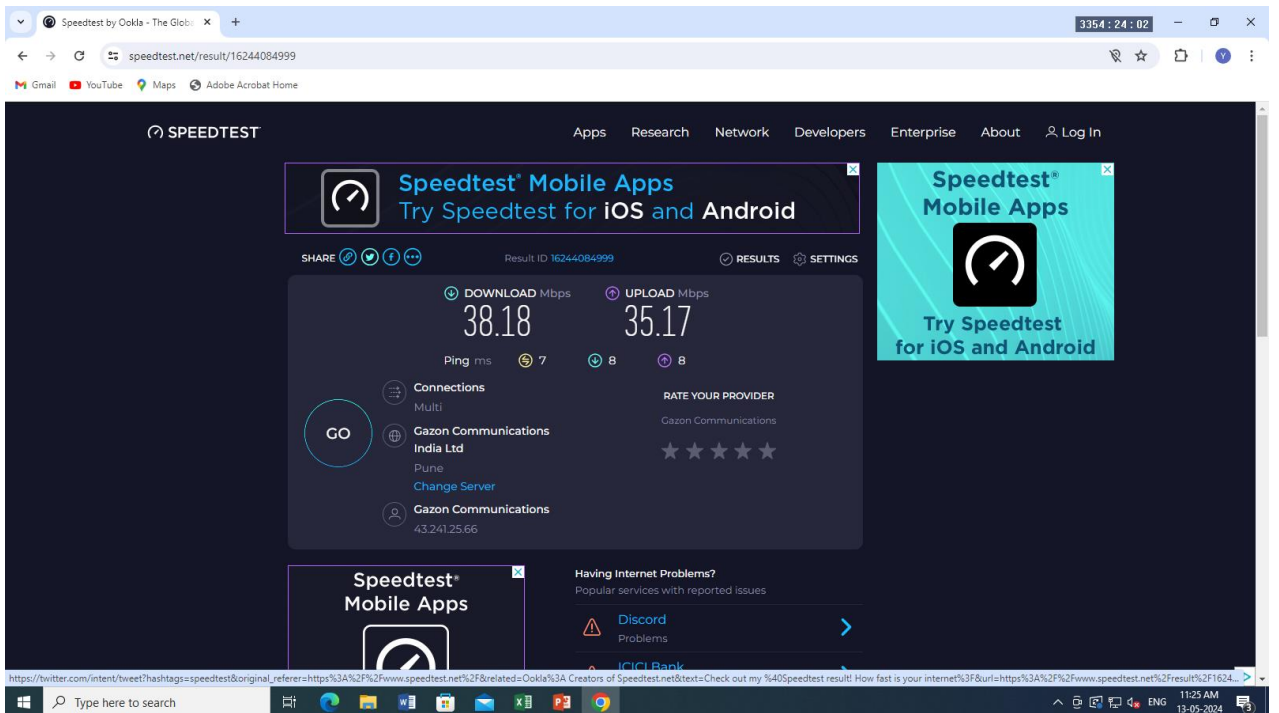

Additional information includes a 'GO' button, a 'Change Server' link, and a rating for customer service expectations. The rating is based on 9 votes, with 8 more votes needed to reach the next level. The rating is currently set to 'Extremely Likely' (10 out of 10).

Below the main results, there is a section titled 'Having Internet Problems?' which lists popular services with reported issues: ICICI Bank and Vodafone Idea. A link to 'View all outages on downdetector.com' is also present.
