VINAY KORE CAREER ACADEMY

VINAY KORE CAREER ACADEMY

In 1964, the Institute was founded by the late Shri. Tatyasaheb Kore, a visionary leader. The Institute's vision was to become a center of excellence in higher education and human resource development, particularly in rural areas. With a mission to empower and enlighten the youth of the Warana region, our institution is dedicated to their self-reliance and confidence through higher education.

As part of our efforts to transform rural youth into globally competent individuals, we established the 'Vinay Kore Career Academy' in 2013. This unique program is run by students themselves, embodying the spirit of self-management. With generous support from Hon. Collector, Kolhapur District, the academy aims to raise awareness among rural youth and prepare them for civil service careers.

Over the past eight years, the academy has achieved remarkable results. A total of 78 students have successfully qualified for various positions through competitive examinations. These outcomes clearly demonstrate the academy's effectiveness in fulfilling its objectives and contributing to the growth and development of the students.

To ensure the smooth functioning of the Academy, the management has constructed dedicated buildings and provided the necessary infrastructure. These facilities include a well-stocked library containing 4300 books, an ICT room equipped with 10 computers and LAN connectivity, a spacious lecture hall, a conference room, comfortable reading rooms, subscriptions to newspapers and magazines, a coordinator's cabin, and essential amenities such as drinking water and sanitary facilities.

In terms of human resources, the Academy consists of a coordinator, a core committee comprising dedicated members, one peon, and the students themselves. The coordinator plays a vital role in coordinating the Academy's activities and regularly convenes meetings with the core committee. These meetings serve as platforms to review ongoing initiatives, address challenges encountered, and identify future requirements for effective planning.

The students actively contribute to the Academy by organizing guest lectures with the assistance of the coordinator. To maintain cleanliness, a peon and a sweeper diligently carry out daily cleaning tasks.

The Academy upholds the motto of "For the students, by the students." Under the guidance of the Coordinator, students take charge of various activities, excluding financial matters. The Academy operates in a self-disciplined manner and remains accessible 24/7 for its students. As a sign of respect and consideration, students keep their shoes outside the

premises and strive to maintain a peaceful environment. They exhibit utmost care not to disrupt their fellow students and observe strict silence within the Academy.

In line with fostering a collaborative learning environment, senior students actively engage in teaching regular students, sharing their valuable experiences. Students participating in the 'Earn and Learn' scheme take responsibility for managing library activities and test series, contributing to the overall functioning of the Academy.

The VKCA offers Regular MPSC and UPSC coaching, crash courses for Banking, languages, and study-only batches. We arrange motivational lectures of regional officers, interaction with successful alumni, and peer discussions. The institute provides a freeship of one month per year for needy students and waives off the fees for mains passed students. The notice board is used efficiently and effectively to communicate information regarding achievements, guest lectures, test series, and current events.

The institute grooms the competitive examination mindset of students by arranging various practices like debates, discussions, quizzes, NCC, and NSS activities during their academic tenure.

One of the important practices is the organization of the 'Inter-Class General Knowledge Quiz' Competition every year on 2nd Oct. The activity has been conducted continuously for the last 26 years. The teachers work as volunteer subject experts and prepare quality questions. Based on the pattern of competitive examination, we organize subjectwise rounds including current affairs, sports, and rapid-fire rounds. The main purpose of this activity is to provide an opportunity for students to check their understanding and motivate them to opt for a career in civil services through competitive examinations.

The college also organizes a State Level Quiz competition 'Tatyasaheb Kore General Knowledge Quiz Competition' on 12th January every year in association with the Alumni Association. It provides a wider stage to compete with Civil services aspirants preparing in professional academies. This activity helps to widen the canvas of our students and understand the depth and devotion needed for the preparation of civil services.

The parental education society arranges a special program 'VISION' at Warananagar. This program provides opportunities for the students to interact with Successful students who crack the exam and joins their duties during that year. These fresh Officers inspire our students to concentrate on their target.

Vinay Kore Career Academy is the place that provides a disciplined path and space to this pool of motivated and target-oriented aspirants to prepare for their careers.
